O R D E R

Introduction

On March 10, 1987, General Telephone Company of the South ("General") filed tariffs proposing a waiver of the monthly rate and nonrecurring charges for special promotions and a revision of the Custom Calling Service to include "package" monthly rates. The tariff was suspended on April 8, 1987.

Discussion

General proposed to expand the tariff provisions for the allowance of special promotions of new or existing services during selected limited periods to include the waiver of the monthly rate as well as the currently waived service charges.

In addition, General has proposed to revise the Custom Calling Service Tariff to include "package" monthly rates which will be available where there are two or more custom calling features on the same line.

Findings and Orders

The Commission, having considered the proposed tariff and the company's responses to information requests, and being advised, is of the opinion and finds that:

1. No hearing is necessary in this matter.
2. General has satisfactorily responded to the Commission's inquiries into the reasonableness of the proposed tariffs.
3. General should track the costs and the revenues associated with this tariff offering and file this information with the Commission on a quarterly basis.
4. The proposed tariffs by General should be approved as filed.

IT IS THEREFORE ORDERED that:

1. The proposed tariffs filed herein by General are approved for service on and after the date of this Order.
2. General shall file the tariffs approved herein within 30 days from the date of this Order.
3. General shall track the costs and the revenues associated with this tariff offering and shall file this information with the Commission on a quarterly basis.

Done at Frankfort, Kentucky, this 9th day of September, 1987.
